Agent Coaching Plan

Fast tickets, human answers: a 4-week plan

Situation

An agent closes tickets very fast and meets every speed target, but replies sound copied and cold. Goal: keep the speed, add warmth and personal detail in 4 weeks.

Week	Focus	Coaching action	Success check
1	**Observe**	Review 10 tickets together. Agent marks the phrases that sound robotic.	Agent names 5 own phrases. Baseline score is recorded.
2	**Rewrite**	Rewrite the 5 most used templates in the agent's own voice. Start each reply with one detail from the customer.	Personal detail found in 8 of 10 replies.
3	**Practice**	Role-play 3 calm, confused and angry customers using: acknowledge - answer - next step.	Empathy score 4 / 5 or higher.
4	**Review**	Re-score 10 new tickets and compare with week 1. Agree on one habit to keep.	Quality 90%+ while speed stays on target.

Sentence starters

- "Thanks for telling me about..."

Coaching rules

- Praise the speed first.
- Say "let's make it sound like you", not "robotic".
- 15-minute check-in every week.
- Watch handle time, do not punish it.

TIP: Measure three things together: quality score, customer satisfaction and handle time.
